

Need asset finance to grow your business?

Talk to us today

We can help you find the right solution for you.

WLF Financial Services
(03) 6223 6155

1st Floor 160 Collins Street
HOBART TAS 7000

WLF Financial Services can help with all aspects of asset finance so you can purchase the equipment needed to grow your business.

■ **Leasing and loan solutions**

We look at all aspects of your lending needs – including finance that you need now, and any potential future needs.

■ **Fast approvals**

We have a close relationship with your accountant who holds all your tax information. This helps us get the fastest approval we can for you.

■ **Restructuring your existing borrowings**

Just because your current loan was once competitive doesn't mean it still is. Changes in interest rates could mean that you should now review your loan. WLF Financial Services can help you re-finance your current borrowings so that you can grow your business faster.

■ **Helping to maximise your potential deductions**

We can help ensure your assets are held in the correct loan structure and business entity, avoiding unnecessary risks.

■ **Tailored recommendations in line with your business cash flow**

Cash flow is one of the most important issues for small businesses. We endeavour to schedule your repayments with as little pressure as possible on your cash flow.

■ **Preparation of the final application and financial statements**

We prepare your paperwork to the bank's requirements so that your application is assessed as favourably as possible.

■ **Pre-approved finance**

Know what you can afford to spend from the outset.
